2) Under “Add Account,” choose “at another bank” in the dropdown menu:
3) Type in your external account information:
4) After you fill out each field, you will be asked to verify your identity via a text message, an email, a phone call, or a token. Choose a channel, then you’ll receive a code:
5) In the example below, the user has selected “Token” to receive an identity verification code:
6) Confirm that your external account belongs to you by entering the two deposit transactions First Tech sends to your external account (Note: This process may take up to three business days):
7) Once the deposit transactions are posted to your external account, go to “Settings” in your First Tech Online Banking again:
8) Under the “Accounts” tab, scroll to the bottom of the page to find the “pending” external account(s) you have recently added but still need(s) to be confirmed:
9) Enter the two deposit amounts ("Trial Transfers") that show up in your external account’s transaction history and click “Confirm.” This step completes the process:
