

Incoming International Wire Transfer Instructions

If funds are being wired to your First Tech account from an institution located outside of the United States, please provide the information below to your originating institution:

Receiving Bank	First Technology Federal Credit Union
Receiving Bank Address	5100 NE Dawson Creek Drive, Hillsboro OR 97124
Receiving Bank SWIFT	FTFCUS66
Recipient Name	Your Name (as it appears on your First Tech account)
Recipient Account Number and Address	Your Account Number and Home Address

Fees: First Tech will assess a fee for incoming wire transfers. See Fee Schedule at firsttechfed.com. The originating and/or correspondent bank(s) may assess additional fees. Please note that First Tech has no foreknowledge or control of any fees that may be taken out by other institutions before the wire arrives at First Tech.

Rates: Conversion rates for foreign currencies are set by the foreign wire intermediary, and are converted prior to their arrival at First Tech.

If you would prefer to know the exchange rate in advance, please ask the originating institution to convert the funds from their currency to U.S. dollar prior to sending the wire.

Intermediary Bank: The intermediary bank used for U.S. correspondent banking and exchange can be chosen at the sending institution's discretion. If the originating institution does not have a U.S. correspondent, the sender may opt to use PNC Bank (PNCCUS33).

It is very important that, if an intermediary or correspondent bank is used, the wire instructions explicitly state that First Tech is the beneficiary bank.

For questions concerning incoming wires, call our Contact Experience Center at 855.855.8805.
