

SPOTLIGHT ON TECH

Monthly showcase celebrating the contributions of innovative tech companies and tech-related nonprofits.

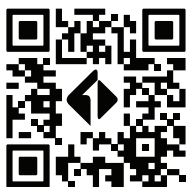

POWERING TRUST IN THE DIGITAL ECONOMY

LegitScript helps the world's biggest search engines, online marketplaces, payment companies, and social media platforms stay safe and compliant. We monitor global regulations and identify risks tied to websites, products, merchants, and platforms—so our clients can avoid threats, protect their users, and grow with confidence.

We believe investing in youth is investing in our future. Through our partnerships in the local Portland community with POIC and Friends of the Children, we're proud to support the next generation with the stability, mentorship and opportunities they need to thrive.

Scott Roth, CEO, LegitScript
